In case of emergency, I grant permission to the leaders in charge of this Cambrian Presbytery youth event to make arrangements where immediate surgical or medical attention is necessary for my child/ward, without necessity of my prior approval. I have read and understood the above, and give my child/ward permission to attend and participate in this event. If my child is under 16, I also give permission for photos to be taken of my child as part of the event.

Signed, Parent/Guardian _____ Date _____

A NOTE FOR PARENTS: During the event, as we build a sense of community, it would be preferable if participants did not have to leave the group. If your son/daughter must leave during the event for any reason (family emergency being the exception), we need to know BEFORE the event. We also need to know where they will be going, who will be picking them up, and the duration of the time that they will be gone. If we are not made aware of prior commitments, they will not be allowed to leave with anyone, other than their legal guardian. This is solely for the safety of our participants, so we ask for your cooperation. My Son/Daughter needs to leave the event on: (Date) _____ and the reason is: _____

SEXUALITY, THE BIBLE, AND YOU.

Join us for a weekend exploring what it means to be our "Holy-selves" and "Wholly" ourselves.

The topics will include stages of sexual development, healthy sexuality, the history of sex in the Bible, and your church and sexuality. The theme will be presented in part by the Thunder Bay District Health Unit, as well as our United Church clergy.

FOR OUR PARENTS:

These discussions are sensitive. We have spent several years in the planning, and hope if there are any questions, concerns or issues you may have before the event around our theme, that you will not hesitate to contact any of the leadership team – we are more than happy to give you any info you need!
