

# HANGMAN for the HP PRIME

By Tony Gallo (tgallo@tbaytel.net)

[http://my.tbaytel.net/tgallo/hp\\_prime](http://my.tbaytel.net/tgallo/hp_prime)

## Rules:

You must find guess the word by choosing letters. If you make 6 incorrect guesses you lose. Choosing a letter you have already chosen will do nothing.

## 1 Player Game:

Word is chosen from internal list of 10,000 words.

## 2 Player Game:

1 player must first enter the word. The word can only contain letters and be no more than

25 characters long. You can use DEL  to backspace. Press ENTER  when done.

HANGMAN	v2.1.3 2017	by Tony Gallo
<p>Enter a word for other the player to guess. It can be at most 25 characters, ALPHA (A-Z) only. You can use Del to backspace. Press Enter when done.</p>		
<p>DEMENTIA_</p>		

**Navigation:**

Use the keyboard to choose the letters you are guessing. The letters that you choose are removed from the alphabet on the bottom of the screen as they are chosen.
